Your favorite shows go with you, anywhere you go.
Keep your receipt to obtain warranty parts and service and for proof of acquisition. Attach it here and record the serial and model numbers in case you need them. These numbers are located on the bottom of the nomad.

nomad™ Product Information

Keep your receipt to obtain warranty parts and service and for proof of acquisition. Attach it here and record the serial and model numbers in case you need them. These numbers are located on the bottom of the nomad.

nomad is compatible with HD DVR models R22, HR20, HR21, HR22, HR23, HR24. Additional models may be added in the future. Please visit directv.com/nomad for up-to-date listings.
Important Safety Instructions

Your DIRECTV® nomad™ has been designed and manufactured to stringent quality and safety standards. You should, however, be aware of the following important precautions for safe and optimal use of the equipment.

Meaning of symbols printed on the rear panel of the product:

- This symbol indicates that dangerous voltage consisting of a risk of electric shock is present within this unit.
- This symbol indicates that there are important operating and maintenance instructions in the literature accompanying this unit.

1) Read these instructions.
2) Keep these instructions.
3) Heed all warnings.
4) Follow all instructions.
5) Do not use this apparatus near water.
6) Clean only with dry cloth.
7) Do not block any ventilation openings. Install in accordance with the manufacturer’s instructions.
8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus [including amplifiers] that produce heat.

9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding-type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.

10) Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.

11) Only use attachments/accessories specified by the manufacturer.
12) Unplug this apparatus during lightning storms or when unused for long periods of time.
13) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

WARNING: To reduce the risk of fire or electric shock, do not expose this product to rain or moisture. The apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.

CAUTION: To reduce the risk of electric shock, do not remove cover (or back). No user-serviceable parts inside. Refer servicing to qualified service personnel.
IMPORTANT: Be sure not to place your DIRECTV nomad near anything WET or HOT!

TIP: We highly recommend plugging the DIRECTV nomad into a surge protector to prevent damage from fluctuations in your power supply.

• Ensure proper ventilation — the DIRECTV nomad must be left uncovered to allow proper airflow to the unit. Blocking the airflow to the unit could impair performance or damage your device and other components.
• Do not stack electronic components or other objects on top of the DIRECTV nomad. Also, do not stack the device on top of a “hot component” such as an audio power amplifier.
• Protect your components from power surges by connecting all the components before plugging any power cords into the wall outlet. Use of a surge protector is also recommended.
• Don’t overload power outlets or extension cords, which can result in the risk of fire or shock. It’s also important to use only the type of power source indicated on the marking label or in this manual.
• Never insert objects of any kind into any openings in the DIRECTV nomad.
• Place it on a flat, hard surface — do not operate the DIRECTV nomad on a carpet or other padded surface.
• Always unplug your DIRECTV nomad before moving it.

CAUTION: Avoid moisture to reduce the risk of fire or electric shock. The DIRECTV® nomad™ should not be used near water (for example, kitchen sink, bathtub, pool, damp basement). Also, never spill liquid on the receiver, and do not place vases or other vessels containing liquid on top of it.

• Always unplug the DIRECTV nomad, TV, and other equipment before you connect or disconnect any cables.
• The only way to disconnect the DIRECTV nomad from the power supply is to remove the power cord. The DIRECTV device unit must therefore be installed next to the power point, which must be easily accessible.
• CAUTION: Electric Shock — never attempt to disassemble the DIRECTV nomad yourself; always take it to a qualified service person when repair is required. Opening or removing covers may expose dangerous voltage or other risks, and incorrect reassembly can cause shock when receiver is subsequently used. Attempted self-repair may also void your warranty. Changes or modifications not expressly approved by the party responsible for compliance [by the warranty or by the manufacturer] could void the user’s authority to operate the equipment.
• Do not drop your DIRECTV nomad and always move it with care.
• Have your DIRECTV nomad professionally serviced [do not attempt to service it yourself].
• Any changes or modifications in construction of this device which are not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.
• If you move your DIRECTV nomad between locations at different temperatures, allow it to reach room temperature before you apply power to it.
• Do not pick up or otherwise move your DIRECTV nomad while it is connected to the AC power supply. If you want to move your device, first disconnect it, then wait at least 30 seconds before continuing.
• For your information: The identification sticker can be located on the bottom of your device.
• The telecommunication network voltage used is the category number 3.
What does the DIRECTV® nomad™ do?

The nomad is a revolutionary new product from DIRECTV that will forever change your TV experience. The nomad allows you to download DVR content from your DIRECTV Plus® HD DVR to your computer or mobile device through your home wireless network with Internet access. For the first time, you will be able to take your recorded programs wherever you go, watching downloaded programs on your computer or mobile device through the easy-to-use computer or mobile application.
What do you need to start using your nomad?

To use the DIRECTV® nomad™, there are a few simple requirements:

- Active DIRECTV account and programming package
- DIRECTV Plus® HD DVR with DVR service
  - Nomad is compatible with HD DVR models R22, HR20, HR21, HR22, HR23, and HR24. Additional models may be added in the future.
  - If you do not see your HD DVR model, visit directv.com/nomad for up-to-date listings.
- High-speed Internet service
  - If you do not currently have Broadband Internet Service in your home, please contact your Internet provider for assistance.
- HD DVR connected to Internet
  - Visit directv.com/getconnected for help connecting your HD DVR to the Internet.
- Wireless router connected to the Internet with an available Ethernet port
- directv.com account login
  - If you do not currently have a directv.com account login, please visit directv.com to register.
- A computer or compatible mobile device
  - Visit directv.com/nomad for a list of compatible devices.
- Mobile DVR service
  - Mobile DVR service will be added to your account during the application setup process on your computer or mobile device.

If you have questions or do not meet these requirements, go to directv.com/nomad to get more information on the service requirements.

If you meet these requirements, you are now ready to begin using the nomad service.
Step 1: Confirm that your HD DVR is connected to the Internet

- Press the right arrow on your remote control.
  - If you see the pop-up message below, your receiver is NOT connected to the Internet. Visit directv.com/getconnected for more information on how to connect your HD DVR to the Internet.
  - If you do not see the above message, your HD DVR is connected, so proceed to Step 2.

Step 2: Connect your nomad™ to your wireless router

- Plug one end of the Ethernet cable into the back of the nomad.
- Plug the other end of the Ethernet cable into your wireless router.
Step 3: Power up your nomad™

- Plug the power adapter into the nomad.
- Plug the other end of the power adapter into an electrical outlet.

**Note:** The green light confirms a proper connection.

![Green Power Light](image)

Step 4: Verify that all three lights are blue on the nomad™

If all connections in Steps 1, 2 & 3 have been made correctly, all 3 lights on the front of the nomad will be blue.

**Note:** The status light on the nomad will display an Amber color and start blinking if new firmware is available. The update will happen automatically and the light will return to blue when finished. Please allow up to 10 minutes for the process to complete.

- **Status light will be blue**
  Indicates that the nomad system has properly powered up
- **Network light will be blue**
  Indicates that the nomad is connected to the Internet
- **Activity light will be blue**
  Indicates that the nomad is connected to your HD DVR

If any of the lights displays a different color than blue, recheck all connections made or consult the “Troubleshooting” section in the manual.
**Step 5:** Download and install the nomad™ application on your computer or mobile device

- Enable Wi-Fi on your computer or mobile device and connect to your wireless router.
- Visit directv.com/nomad to download and install the application on your computer or for information on how to access the mobile applications.
- Follow the on-screen instructions to activate your nomad and register your application.

**Note:** Your nomad comes with 5 device licenses used to activate your computers or mobile devices. Once the 5-license limit has been reached, you may delete one of the licensed devices in order to add a new device. A deleted device may be reactivated 30 days after it is deleted.

**Using your Application**

Using the application, you can view your HD DVR playlist, select shows and download them to your computer or your mobile device to take with you anywhere.

**Step 1:** Open the application on your computer or mobile device.
Step 2: Select a program from your playlist.

Step 3: Select Download to prepare and download a program to your computer or mobile device.

Quick Tip:
Set Auto-Download Series to automatically prepare a program for your computer or mobile device every time your HD DVR records an episode.
3a: Preparing is the process of putting a mobile version of the program onto your nomad™. This will take the same amount of time to complete as the program’s run time.

For example: A 1-hour program will take at least 1 hour to prepare, plus additional time based on your network speed to download to your computer or mobile device.

Note: The following will interfere with or delay the preparation process:
- The program has not completed the recording process to your HD DVR.
- The HD DVR with the recorded program on it is currently being accessed by another receiver within your Whole-Home DVR service.

3b: Downloading is the process of moving the prepared program from the nomad™ to your computer or mobile device for viewing.

Note: Your computer or mobile device must be connected to your wireless router with wireless (Wi-Fi) turned on. Use the application to select and download programs from your HD DVR to your computer or mobile device. Once downloaded, your device will store the downloaded program(s) for 30 days.

Step 4: Your program is now ready to watch anytime, anywhere.
nomad™ limit
Only 1 nomad unit can be activated per account.

Storage
Your nomad comes with built-in storage capacity. It can hold approximately 20 hours, depending on the type of recorded programming. If you fill up your nomad with programming, the oldest piece of programming will automatically be deleted to make room for new programming. Programs will also be automatically deleted from the nomad if you delete them from your HD DVR. As long as you have storage capacity on your computer or mobile device, the programming will remain on your computer or mobile device for 30 days unless otherwise deleted.

You can expand your storage capacity by plugging an external hard drive or USB storage device into the USB slot on the back of the nomad.

Note: The USB hard drive will be formatted for use with your nomad, so make sure you do not have any files you would like to keep on that drive.

Access your DVR playlist
To access your HD DVR playlist from your computer or mobile application, you must enable Whole-Home playlist sharing and external device access on your HD DVR.

- Share your playlist:
  - Go to Menu > Parental, Fav’s & Setup > System Setup > Whole-Home > Share Playlist
  - Set Share Playlist to “Yes.”

- Allow access from an external device:
  - Go to Menu > Parental, Fav’s & Setup > System Setup > Whole-Home > External Device
  - Change External Access from “Block” to “Allow.”
  - Change Recordings from “Block” to “Allow.”

Activating a deleted device
A device may be reactivated 30 days after it is deleted.

Note: See Step 5 on page 14 for information on how to add or delete a device.
Deleting programs
A program will be deleted from the nomad if you delete it from your HD DVR or you have run out of storage capacity on your nomad. This will not affect any programs that you have stored on your computer or mobile device.
Deleting a program from your computer or mobile device will not delete it from your HD DVR or your nomad.

Whole-Home DVR service
If you are using Whole-Home DVR service to watch a program from one of your receivers in another room, this will delay the nomad™ from preparing a program for your computer or mobile device until you have finished watching your program.

Available programs
Some programs may not be available to download to your computer or mobile device. These programs will be indicated when selected. Examples of these programs may include recordings like Pay Per View movies or events. Visit support.directv.com for more information.

Checking your HD DVR Internet connection to your Home Network
From the Menu > Parental, Fav’s & Setup > System Setup > Network Setup.

If you have never connected to the Internet, select the button “Connect Now”. If in the past, you connected to the Internet, select the button “Repeat Network Setup”.
If you are connected to the Internet, the message will read, “Your receiver is connected to DIRECTV via the Internet.” with a “Continue” button. If you want to perform Whole-Home DVR service setup, select “Continue”. If Whole-Home DVR service is already set up, then hit “Exit”.
If there is no connection, the message will read, “We were not able to connect to the Internet. Would you like to get connected?” with buttons “Get Connected” and “Connect Later”. “Get Connected” will walk you through a network connection wizard.

Resetting the nomad™
On the front panel behind the cap is a red reset button. This button has two types of Resets that are initiated by pressing and holding the button.
• Press for 3 seconds: to restart the nomad (cycles power off and on)
• Press for 30 seconds and release: remove user configurable options (all user settings set back to default and content is kept)

Manual updates may be available from time to time. You can download these online at directv.com/manuals
Frequently Asked Questions

1. Can I download programs outside the home? No, you will need to be in your home network to download programs to your computer or mobile device.

2. How long does it take to download a program to my computer or mobile device? A 1-hour program will take at least 1 hour to prepare, plus additional time based on your network speed to download to your computer or mobile device.

3. How long will a program stay on my device? The application will store content for 30 days. If the content is re-downloaded, the 30 day countdown starts again.

4. Are there programs that I cannot download to my computer or mobile device? Yes, the application will indicate programs that are not available to download. Visit support.directv.com for more information.

5. How long do prepared programs stay on the nomad™? Programs will stay on the nomad unless they are deleted from your HD DVR or if the nomad runs out of space. Shows are removed on a first-in, first-out basis.

6. Is there a limit to how many programs the nomad will store? The nomad will store approximately 20 hours of programs (16 Gigabytes). See additional information listed on page 20. Visit support.directv.com for more information.

Troubleshooting

The nomad™ Status, Network, and Activity lights can help you understand the overall status of your nomad. If you are experiencing technical difficulties with your nomad hardware, please consult the Status Light Troubleshooting Chart and subsequent Amber Status Light Chart on the next page to solve any issues you may be experiencing.

DIRECTV warrants your DIRECTV® nomad™ (Model Number: MDR1R0-01) and any included accessories against defects in material or workmanship for a period of twelve (12) months after the date of acquisition.

Who is covered?
You must have proof of acquisition to receive warranty service. A receipt or other document showing that you acquired the product is considered proof of acquisition. THIS LIMITED WARRANTY EXTENDS ONLY TO THE ORIGINAL CONSUMER ACQUIRER AND TO NO OTHER ACQUIRER OR TRANSFEREE. THIS WARRANTY DOES NOT EXTEND TO COMMERCIAL USERS. THIS PRODUCT IS NOT AUTHORIZED FOR USE OUTSIDE THE UNITED STATES AND ANY SUCH USE voids THIS WARRANTY.

What is covered?
Warranty coverage begins the day you acquire the product. For twelve (12) months from the acquisition date, at the option of DIRECTV, the DIRECTV nomad will be repaired or replaced with a new, repaired, refurbished, or comparable product (whichever is deemed necessary) if it becomes defective or inoperative. This exchange is done without charge to you for parts and labor. You will be responsible for the cost of shipping to and from the repair location designated by DIRECTV. If DIRECTV cannot reasonably repair or replace the nomad then DIRECTV may, at its sole discretion, refund the price you paid for the product or the current retail price of the product.

All products, including replacement products, are covered only for the original warranty period. When the warranty on the original product expires, the warranty on the replacement product also expires. After twelve (12) months from the date of acquisition, you pay for the replacement of all parts, and for all labor charges.

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

What is excluded?
Your warranty does NOT cover:
Labor charges for installation or setup of the product.
Installation, performance of, or repair of: audio/video cabling, telephone line, Internet connections, routers, or accessory attachments used with the product.
Product replacement because of misuse, accident, lightning damage, unauthorized repair, or other cause not within the control of DIRECTV.
Incidental or consequential damages resulting from the product. SOME STATES DO NOT ALLOW THE EXCLUSION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.
Any modifications or other changes to the product, including but not limited to software or hardware modification in any way other than as expressly authorized by DIRECTV, will void this limited warranty. Except in the case of hardware or software provided by DIRECTV, installing software modifications, "hacks", or utilizing service access or "back doors" will void this limited warranty.

Reception transmission problems caused by signal conditions, telephone line, Internet connections, or cable or antenna systems outside the unit.

A product that has been modified or adapted to enable it to operate in any country other than the country for which it was designed, manufactured, approved and/or authorized, or repair of products damaged by these modifications.

A product used for commercial or institutional purposes.

The continued provisioning or availability of any of the programming, recorded content, and other services delivered through the nomad™ including but not limited to television programming, show information, program guide data, and scheduling information.

Make Sure You Keep...
Please keep your receipt or other document showing proof of acquisition. Attach it to this Manual and keep both nearby. Also keep the original box and packing material in case you need to return your product.

Before Requesting Repair Service...
Please check the troubleshooting section of this guide. This may save you a call to DIRECTV Customer Service.

To Get Warranty Service...
Warranty service will be provided by DIRECTV. If you believe you need service for your nomad™, contact DIRECTV at 1.800.531.5000. A representative will go through a diagnostic checklist with you. If it is determined that the product needs to be returned for service or exchanged, you will receive a return authorization number. The representative will give you complete shipping details.

To Get Out-of-Warranty Service...
To obtain out-of-warranty service, contact DIRECTV at 1.800.531.5000 for information on the possibility of and any costs for repair or replacement of out-of-warranty products.
ALL WARRANTIES IMPLIED BY LAW, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY LIMITED TO THE DURATION OF THIS EXPRESS LIMITED WARRANTY.

WITH THE EXCEPTION OF ANY WARRANTIES IMPLIED BY THE LAW OF ANY STATE OF THE U.S.A., THIS EXPRESS LIMITED WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, GUARANTEES, AGREEMENTS AND SIMILAR OBLIGATIONS OF DIRECTV. REPAIR OR REPLACE-MENT AS PROVIDED IN THIS LIMITED WARRANTY IS THE EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY. IN NO EVENT WILL DIRECTV BE LIABLE FOR ANY AMOUNT GREATER THAN THE RETAIL PRICE OF THE DIRECTV NOMAD. DIRECTV SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THE DIRECTV NOMAD.

SOME STATES DO NOT ALLOW LIMITATIONS ON WARRANTIES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

Terms and Conditions for Use of Software ("Terms")

Disclaimer:
THE DIRECTV® NOMAD™ INCORPORATES SOFTWARE WHICH IS OWNED BY DIRECTV, INC. ("DIRECTV") OR ITS THIRD PARTY LICENSORS (the "Software"). BEFORE USING THE NOMAD PLEASE READ THESE TERMS. IF YOU DO NOT AGREE TO THESE TERMS YOU MAY NOT USE THE NOMAD AND SHOULD IMMEDIATELY RETURN THE NOMAD TO DIRECTV OR YOUR SUPPLIER. THESE TERMS ALSO APPLY TO ANY MODIFICATIONS, UPDATES OR SUPPLEMENTS TO THE SOFTWARE PROVIDED TO YOU.

Software license terms and conditions and GNU GPL
A. License Grant and Conditions
DIRECTV grants you a non-exclusive, non-transferable, limited license to use the Software solely in executable code form and solely as integrated with, incorporated into, and in conjunction with the nomad. You must ensure that the copyright, trademark and other protective notices contained in the Software are maintained and not altered or removed. The Software is protected by copyright and other laws and international copyright and other treaties. All title and intellectual property rights in and to the Software and all modifications, updates, enhancements and derivative works of the Software are owned exclusively by DIRECTV or its licensors and you agree to execute any document reasonably requested by DIRECTV to evidence such ownership rights. Certain third party software used in connection with the nomad may be made directly available to you by the providers thereof.

DIRECTV, Inc.
2230 E. Imperial Hwy
El Segundo, CA 90245
1.800.DIRECTV
The source code to certain software subject to the GNU GPL and other open source licenses that are used in connection with the nomad is made available to you by DIRECTV following the written request to DIRECTV. Use of such Software is also subject to the terms of any applicable agreement between you and each such provider. DIRECTV reserves the right to modify, supplement, update, and otherwise alter the Software via software download or other modification procedures, and these terms will apply to such Software as modified, supplemented, updated, and otherwise altered.

B. License Restrictions
You may not copy, modify or transfer the Software, or any copy thereof, in whole or in part. You may not reverse engineer, disassemble, decompile or translate the Software, or otherwise attempt to derive the source code of the Software, except to the extent allowed under any applicable law. Any attempt to transfer any of the rights, duties or obligations of this license agreement is void. You may not rent, lease, load, resell for profit or distribute the Software, or any part thereof. You may not export, transfer or re-export the Software in violation of any applicable law. The Software may include some components that are covered by “free software” licenses, open source licenses and other similar license use rights, which require such components to be used, modified and/or distributed only under the terms of such licenses. Any such components are subject only to the terms of such licenses, and not these Terms.

C. Ownership of Software and Reservation of Rights
The Software is licensed, not sold, to you for use only under the terms of this license agreement. DIRECTV is NOT transferring title or any ownership rights in the Software to you and DIRECTV and its suppliers reserve all rights not expressly granted to you. Except as stated above, this license agreement does not grant to you any intellectual property rights in the Software.

D. Termination
These Terms are effective until terminated. You may terminate these Terms by returning the nomad™ to DIRECTV or your supplier. These Terms will terminate automatically without notice if you fail to comply with these Terms or any other agreement between you and DIRECTV. Upon termination you must return the nomad to DIRECTV or your supplier.

E. Disclaimer
THE SOFTWARE IS (TO THE EXTENT PERMITTED BY LAW) SUPPLIED "AS IS". NEITHER DIRECTV NOR ANY OF ITS LICENSORS EXPRESSLY MAKES OR PASSES ON TO YOU ANY WARRANTY OR REPRESENTATION ON BEHALF OF DIRECTV OR ITS LICENSORS WITH RESPECT TO THE SOFTWARE, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES, EXPRESS OR IMPLIED, INCLUDING (BUT NOT LIMITED TO) ANY IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS. IN NO EVENT WILL DIRECTV OR ITS LICENSORS BE LIABLE TO YOU WITH RESPECT TO THE SOFTWARE.
FOR ANY DIRECT, INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGE (INCLUDING LOSS OF PROFITS, LOST SAVINGS, LOSS OF DATA OR THE COST OF PROCUREMENT OF SUBSTITUTE GOODS, TECHNOLOGY OR SERVICES) ARISING OUT OF THE USE OR THE INABILITY TO USE THE SOFTWARE, EVEN IF DIRECTV OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY A THIRD PARTY. Some states or jurisdictions do not allow the exclusion or limitation of incidental, consequential or special damages, so the above limitations may not apply to you.

F. Third Party Beneficiaries

DIRECTV’S LICENSORS AND SUPPLIERS SHALL BE THIRD PARTY BENEFICIARIES OF THESE LICENSE TERMS, AS APPLICABLE.

YOUR USE OF THE NOMAD™ CONSTITUTES YOUR ACKNOWLEDGEMENT THAT YOU HAVE READ THESE TERMS AND AGREE TO BE BOUND HEREBY.

G. Additional Information

Certain additional terms and information for the Software and certain third party software (including the text of licenses applicable to any free, open source and other similar software that may be included in the Software) may be found in the DIRECTV website located at www.directv.com, and the GNU website located at www.gnu.org.

H. GNU GPL and Open Source Software

Certain components of the Software may be subject to the GNU General Public License, Version 2, June 1991 ("GPL"), “free software” licenses and other open source software licenses. The foregoing components of the Software are not and may not be subject to the License Restrictions in Section B above. In compliance with the GPL, DIRECTV, its suppliers, or its third party licensors, upon written request, will make the source code of the software, libraries and associated utilities it uses, together with its modifications (if any), available to the public in source code form. You are free to use, modify and distribute the software and any modifications as long as you comply with the terms of the GPL referred to above and other open source software licenses. The license terms applicable to the GPL may be found in the DIRECTV website located at www.directv.com, and the GNU website located at www.gnu.org, specifically at http://www.gnu.org/licenses/old-licenses/gpl-2.0.html. To request a copy of the applicable source code please write to DIRECTV at:

Quick Checklist

Connecting your nomad™

☐ Confirm that your HD DVR is connected to the Internet.
☐ Connect your nomad to your wireless router.
☐ Power the nomad.
☐ Verify that all three lights are blue on the nomad.
☐ Download and install the application on your computer or mobile device.

Using your nomad

Step 1: Open the application on your computer or mobile device.
Step 2: Select a program from your playlist.
Step 3: Select Download to prepare and download a program to your computer or mobile device.
  3a: Preparing is the process of putting a mobile version of the program onto your nomad.
  3b: Downloading is the process of moving the prepared program from the nomad to your computer or mobile device for viewing.
Step 4: Your program is now ready to watch anytime, anywhere.

Note: See Additional Information on page 20.
