

Understanding your bill statement

1 Account information

Your DIRECTV FOR BUSINESS® account number, payment due date, amount due and our customer service number.

2 Summary

Statement date, business name, service address (location where you receive service) and your previous balance.

3 Activity

Service start and end dates, payment description, current charges, fees, credits, adjustments and taxes. Your programming package may be displayed as one or multiple line items based on your package selection.¹

Credits may not appear on your first bill. Most promotional credits start in 1–2 billing cycles. Regional Sports Fee applies in certain markets. State cost recovery fee may apply based on the state where you receive service. Customers pay all state and local taxes or other government fees and applicable charges, including any such taxes or fees assessed against discounted fees or service credits.

4 Important messages

The message area displays exclusive promotional offers, legal or past due notices, automatic sports subscription renewals, pricing and programming updates.

Check your bill for notices if your payment was not received or rejected. A late payment fee will be assessed if payment is not received on or before the due date.

5 Billing address

Your bill statements will be mailed to the mailing address listed in our records and on your bill. This may be different than your service address, where you receive your service.
